

We support Triangle residents from **Cradle to Career**, supporting children from birth to and through college and the workforce.

We help the organizations that build **Healthy Families**, increasing access to stable housing, mental health services, and healthy food.

We improve our nonprofit community by creating **Equity in Leadership**. "10 To Watch" is a multi-year, \$500,000 investment in ten high-impact organizations led by women and people of color. It seeks to increase the diversity of leadership in the nonprofit sector and equalize racial and gender disparities when it comes to organizational resources.

We connect the end of poverty to the end of racism through **Anti-Racism Funding**. In 2021, dollars from our Anti-Racism Community Fund were awarded to support the internal capacity of organizations to work in an anti-racist way (Anti-Racism Capacity Building) while also providing additional dollars to organizations providing impactful programs through an anti-racist approach (ARC-Celerator.) These grants aim to support the development and growth of an anti-racist community across our four counties.
